TCWG Consideration Date					
Project Description <i>(clearly describe project)</i> The City of Imperial is proposing the Signalization of Driveway at IVC Project at the intersection of Aten Road and the main IVC entrance. This project will consist of the signalization of the main entrance to improve the traffic circulation and access into the Imperial Valley College campus.					
Aten Road is classified as a Rural Minor Arterial in the City of Imperial, County of Imperial.

Project Purpose and Need (Summary): <i>(attach additional sheets as necessary)</i> The purpose of the project is to reduce current and future accidents and delay experienced by drivers traveling along Aten Road at the main entrance to Imperial Valley College, and to improve safety and traffic operations along Aten Road. The project includes signalization improvements within existing rights of way, as a second phase following improvements to Aten Road which include a new right-turn lane into Imperial Valley College.					

Surrounding Land Use/Traffic Generators <i>(especially effect on diesel traffic)</i> Land uses in the immediate vicinity of the intersection of Aten Road and the main entrance to IVC currently include Imperial Valley College, which is located on the northwest corner. The surroundings in the other directions include agricultural uses.
Opening Year: Build and No Build LOS, AADT, % and # trucks, truck AADT of proposed facility Not Applicable
RTP Horizon Year / Design Year: Build and No Build LOS, AADT, % and # trucks, truck AADT of proposed facility Not Applicable

Opening Year: If facility is an interchange(s) or intersection(s), Build and No Build cross-street AADT, % and # trucks, truck AADT

Project Opening Year 2010 (Build and No Build are the same)

Location	AADT	LOS	% Trucks ^a	Truck AADT
Aten Road				
West of IVC Driveway	9,816	A	7.2	707
East of IVC Driveway	9,007	A	7.2	649
IVC Driveway				
To Aten Road	11,991	A	7.2	863

^aTruck percentages estimated from EMFAC2007 Model Run for Imperial County, 2010, for vehicle categories LHD1 through HHD

RTP Horizon Year / Design Year: If facility is an interchange (s) or intersection(s), Build and No Build cross-street AADT, % and # trucks, truck AADT

N/A

Describe potential traffic redistribution effects of congestion relief (*impact on other facilities*)

No re-distribution of traffic will occur to other roadways in the project vicinity. Re-distribution of traffic will involve improving traffic flow into Imperial Valley College by constructing a signal to facilitate traffic movement at the entrance to the IVC campus.

Comments/Explanation/Details (*attach additional sheets as necessary*)

No further comments are provided at this time.
